Dear

12+ 1 1 1 Brian Stride

Your teacher Mr.

wrote a letter to me about you which made me

happy to know that you can read my symbols. I am more happy to know that

my symbols help you. Please study my symbols and the alphabet. Soon you

will be able to read books and newspapers. Please give my love to your teacher

Mrs. Marshall and all people in the hospital and to your father and mother

brothers and sisters and family and friends. Soon there will be December and

snow and holidays. I end this letter wishing you all

A MERRY CHRISTMAS AND A HAPPY NEW YEAR 1977

Yours Charles Bliss
